SUNG BY OLD TUNE

"JOHN BROWN'S BODY" USED TO BOOST MILL TAX.

WOULD PARADE CHILDREN

Earnest Work for Educational Amendment Urged Upon Teachers by Dr. H. K. Taylor.

A song has been composed on the mill tax amendment which can be sung to the tune of "John Brown's Body." It will be sung at educational rallies in behalf of this amendment and at other times during the campaign.

Dr. H. K. Taylor, president of the Normal, who is campaign secretary for this amendment for this Normal district, suggests to the teachers over the district a parade of the children of their schools on election day, November 5, with banners bearing such inscriptions as these: "Vote for the Boy and Girl," "Scratch No and Vote Yes on Amendment No. 9," "Vote for a Greater Missouri," "A Vote for No. 9 Means Progress," etc., and then to sing the song. The following are the words to the song:

A glorious day is dawning in the time that's near at hand,
There are signs of mighty progress all throughout the wakened land,
The day of glorious triumph is now hopefully begun;
Missouri's marching on.

CHORUS.
Glory, glory hallelujah!
Glory, glory hallelujah!
Glory, glory hallelujah!
Missouri's marching on.

The boys and girls are coming to their own God-given right,
They must be prepared for battle and the hosts of wrong to fight.
We will give each one a welcome, both the rich and poor alike.
Missouri's marching on.

CHORUS.
Glory! glory hallelujah, etc.

On that day in next November when we marshal into line,
We will all remember surely how to vote for "No. 9"
By drawing black and firmly with our pen across the "No."
Missouri's marching on.

CHORUS.
Glory! glory hallelujah, etc.

A ROUGH RIDER NOVEL.

Former Maryville School Superintendent Places Historic Novel in Crane's Store.

Prof. Alvan Elmer Clarendon of Omaha, superintendent of the Maryville schools for several years during the nineties, has just published a novel that contains a true story of the late Spanish-American war titled "Shackles Cast."

Professor Clarendon is evidently a great admirer of Colonel Roosevelt, for his novel includes, as he says, "the masterful military career of Theodore Roosevelt and his merciful acts as president."

The novel is written in the rather extreme dramatic style the author is noted for, and will be read with more than passing interest by his friends and acquaintances here. The book is on sale at Crane's book store.

WERE SENT TO THE POOR FARM.

No Evidence as to the Insanity of Two Elmo Women Presented to Court.

Two Elmo women, Sarah Whitten, age 75 years, and her daughter, Ella Whitten, age 40 years were brought to Maryville Friday, before the county court on a charge of being insane. As there was no evidence presented to the court along this line, the court ordered them sent to the county farm as county charges.

Sheriff Tilson left Friday noon with William Snyder, who has been at Hopkins a week, for Washington county, Ia., where Snyder had been an inmate of the county farm. The court here refused to admit Snyder to their farm, as he had been a county charge of Washington county and was not a resident of Nodaway county.

TALKED FOR THE TAX

J. R. HERRMAN ADVOCATED SINGLE TAX AMENDMENT.

SAYS IT IS JUST AND FAIR

Land Values Rise Automatically While Increase in Personal Property is Result of Individual Effort.

J. R. Hermann of Denver, Col., a single taxer, spoke to a small audience Thursday night on the single tax amendment to be voted on at the November election. Mr. Hermann is campaigning over the state for the amendment. Part of Mr. Hermann's address follows:

"Mr. Dowell tried to claim that society not only created the value of land but that it creates the value of all private business. He does not distinguish between individual enterprise and public values. A man builds up a grocery business. It is true he must have the public, but it is also true he is in competition with other men in the same business, and whatever value does accrue to his enterprise is due to individual effort, whereas land values increase even if the owner is dead.

The cause of the rise of bank stock is due largely to land values, caused by the raise of land which has fallen into the hands of the bank, and the young man who invested in bank stock was as much a land speculator as the young man who invested directly, but if the bank was confined strictly to banking its value would be produced by individual effort, as truly as the farmer's crops, but to tax money or any commodity the tax is added to the price of the article and the consumer must pay it.

"The taxes now required would amount to about 35 cents per acre, if levied by the acre, but since this is a tax on land values some would pay more and some less.

"The single tax as now proposed is in operation in Vancouver and western Canada, in New Zealand and Australia, and in a part of the German possessions. England is rapidly moving in that direction, and Oregon, California and Missouri will vote on some phase of it this fall."

Mr. Hermann also presented the following figures of Nodaway county, according to the 1910 census:

Population 1900	32,968
Population 1910	28,833
Loss	4,135
Number of farms 1900	4,499
Number of farms 1910	3,861
Loss in ten years	629
Land in farms 1900 acres	556,122
Land in farms 1910, acres	539,949
Loss in ten years	16,173
Land per acre 1910	$80.02
Land per acre 1900	37.39
Increase in value	$42.63
Farms operated by owners 1900	2,954
Farms operated by owners 1910	2,464
Loss in ten years	490

Farms operated by tenants 1910, 1,347.

Percentage of all farms, 34.9.

Farms operated by owners free from mortgage, 940.

Only 24 per cent of all farms in county free of mortgage.

RACE A WALKAWAY

ANDERSON CRAIG HAS NO OPPOSITION FOR STATE SENATOR.

COULDN'T FIND A VICTIM

Republicans Made an Effort to Secure Candidate for Place But No One Was Willing to Try.

Anderson Craig, Democratic candidate for state senator from this district, is going to have easy sailing at the November election, as he will have no opposition. No candidates have been selected by the Republican party and the Bull Moose party will have no candidate.

A letter from Cornelius Roach, secretary of state, says that no one has filed against Mr. Craig, and as the time limit was up Saturday night, no one could file now.

The Republicans have been making strong efforts to induce some one to get into the race for senator, but no one was willing to take, it as they did not want to go up against defeat. This is an indication of what the Republicans are looking forward to in November.

Mr. Craig will represent this district with credit, and he is well fitted for the place.

COURT PRECEEDINGS.

S. E. Wibbs Appointed Justice of the Peace—Make Requisition on State for $15,000 for Union.

The court ordered $2,000 transferred from the jury fund to the pauper fund, and $500 from the salary fund to the pauper fund.

Union township, which voted recently $15,000 for road work, has issued $10,000 of these bonds and expects to spend the rest of the amount, or $5,000, next spring. The court made requisition at this session on the state permanent road fund for a like amount, or $15,000, for Union.

Since 1896 wages have increased 20 per cent; but in the same period the cost of living has increased 60 per cent. Democracy will reverse the order of these percentages.

Missouri's first Republican governor in forty years finds, at the close of his administration two Republican candidates for president, and frankly recognizes his inability to endorse either of them.

Of the 94,000,000 people in the United State 3.64 per cent are benefited by the protective tariff, while 96.36 per cent are robbed by it. The Republican ticket this year should expect 3.64 of the vote, and no more.

Government statistics show that the protective tariff extorts from the American consumer two billion, five hundred and seventy million dollars per year; and the Republican party, in nation and state, is still pledged to the protective tariff. Are you?

Of the eight billion of American trust capital, Moody's Magazine says that only two billion is a cash investment, while the other six billion represents watered stock, based on the privileges granted by the protective tariff.

Attorney General Major placed $225,000.00 in the state treasury, as the results of suits won by him, and his office has cost the people only $76,830.33. Hadley held the same office four years, put nothing in the treasury, and took out of the treasury $102,252.88.

Mrs. H. A. Byers went to St. Joseph Wednesday evening to visit her daughter, Mrs. M. L. Conley.

PROGRESSIVES GO ON BOTH TICKETS

Injunction Suits Brought by Republican Committee Fail.

MAY GO BEFORE SUPREME COURT

Judge Wurdemann Ready to Take Up Motion for Appeal—Assistant Attorney General Notified to Certify Official Ballots.

Jefferson City, Oct. 11.—The two injunction suits brought at the instigation of "Liv" morse and Otto Stifel, and the Republican state committee to prevent Cornelius Roach, the secretary of state, placing the Progressive state ticket and the Progressive electors on the official ballot were thrown out of court. C. A. Revelle, assistant atorney general, was notified to go ahead and certify the official ballots to the clerks.

On nearly every point raised by the Progressives in support of their right on the ballot, Judge Wurdemann sustained them. The suit to keep the electors off the ballot had just been filed. The attorneys representing the Progressives, in order to save time, agreed to try both disfranchisement suits together.

Hearing Probable Saturday.

As soon as he had made his ruling, Judge Wurdemann said that he was ready to take up the motion for a new hearing and the appeal.

Mr. Schnumacher said he would have to consult his clients to find out whether there should be an appeal or not.

It is believed they will take the matter to the supreme court and a hearing will be had Saturday or Monday by the supreme court, sitting in banc.

Judge Wurdemann held that the Progressive state ticket and the electors were entitled to places on the ballot by the petitions signed by 1,000 voters. He said that the primary act did not repeal the former provision of the statutes by which nominations might be made by petitions.

No Right to Bring Suit.

Judge Wurdemann did not pass upon the question of whether the nominations made by the Progressive state committee under the section giving the state committee power to fill vacancies were legal or not.

Each injunction suit had been brought in the name of one Republican candidate. Judge Wurdemann said as a candidate they had no right in court to bring such a proceeding as this. As a taxpayer suing to prevent expense of printing alleged ballots, the suit might be entertained he said, but he had grave doubts even upon that point. However, he did not decide the injunction suits upon that ground, but rather upon the proposition that by petitions they were entitled to a place on the ballot.

FIRE DESTROYED WAR BALLOON

One of Germany's New Dirigibles Exploded While Being Filled With Dangerous Gas.

Berlin, Oct. 11.—Germany's aerial fleet suffered a severe loss by the total wrecking by explosion of one of its immense military dirigible balloons and of the hall in which it was stationed at Reinickendorf, a suburb of Berlin.

The dirigible which was of the semi-rigid type invented by Maj. Cross of the Prussian army, was being refilled with hydrogen gas by soldiers of the flying corps.

The gas which is highly inflammable, was being passed into the balloon envelope from metal cylinders when the friction of the gas itself on the filling tube caused fire to break out. A violent explosion ensued completely destroying the dirigible and blowing the hall to splinters. None of the crew was injured.

Engine Through a Bridge.

Lawrence, Kan., Oct. 11.—A threshing machine engine crashed through the Dutton bridge, three miles north of here, and fell thirty-five feet. The engine broke loose from the separator, which was left on the edge of the bridge. Ira Rithwick, who was on the engine, was injured dangerously by the fall. Walt Baher was burned severely and Charles Crowder received minor injuries.

Newsboy Into a Sewer.

Leavenworth, Kan., Oct. 11.—George Cummings, a small boy, narrowly escaped death here after being washed into a sewer opening. The boy, with two companions, was returning home from a picture show and attempted to cross the street. The water swept him off his feet and carried him to the opening. Bystanders rushed to his assistance and after a struggle pulled the boy out. His body had entered the sewer hole head first.

Tacoma, Wash., Oct. 11.—Guilty as charged was the verdict of the jury in the cases of C. E. Houston and John H. Bullock, tried in the federal court on a charge of conspiracy to defraud the government on coal contracts in Alaska. The jury was out 19 hours. The court ordered the defendants to appear November 9 for sentence.

ELDERLY FOLKS! CALOMEL, SALTS AND CATHARTICS AREN'T FOR YOU

HARMLESS, GENTLE "SYRUP OF FIGS" IS BEST TO CLEANSE YOUR STOMACH, LIVER AND 30 FEET OF BOWELS OF SOUR BILE, DECAYING FOOD, GASES AND CLOGGED-UP WASTE.

You old people, Syrup of Figs is particularly for you. You who don't exercise as much as you need to; who like the easy chair. You, whose steps are slow and whose muscles are less elastic. You must realize that your liver and ten yards of bowels have to become less active.

Don't regard Syrup of Figs as physic. It stimulates the liver and bowels just as exercise would do if you took enough of it. It is not harsh like salts or cathartics. The help which Syrup of Figs gives to a torpid liver and weak sluggish bowels is painless, natural and gentle.

When eyes grow dim, you help them. It's the same with your liver and bowels when age makes them less active. There is nothing more important. Active, clogged-up bowels mean that decaying, fermenting food is clogged thirty feet of bowels suck this decaying waste and poisons into the blood. You will never get feeling right until this is corrected—but do it gently. Don't have a bowel washday; don't use a bowel irritant. For your sake, please use only gentle, effective Syrup of Figs. Then you are not drugging yourself, for Syrup of Figs is composed of only luscious figs, senna and aromatics which cannot injure.

A teaspoonful tonight will gently, but thoroughly, move on and out of your system by morning all the sour bile, poisonous fermenting food and clogged-up waste matter without gripe, nausea or weakness.

But get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with contempt, any other Fig Syrup unless it bears the name—prepared by the California Fig Syrup company. Read the label.

Mrs. H. F. Barkus returned to her home in Parnell Thursday from a short visit with her sister, Mrs. U. S. Wright.

MINERS REFUSE TO LEAVE CAMP

Families Evicted by Militia Will Not Accept Transportation to Other Fields.

Charleston, W. Va., Oct. 11.—The military in control of the martial law section of the Kanawha coal field fear trouble as evictions of striking miners and their families continue under direction of civil authorities. Heretofore the miners have accepted the free transportation for their household effects and their families to other fields, but now a dozen or more families, evicted from company houses at Dakota and Kayford on Cabin Creek, have refused assistance and compelled the deputy sheriffs to pile their effects in the public road, while the women and children camped by the roadside.

STARTED WAR PREMATURELY

King Nicholas Condemmed in Strong Term for His Action.

COMPROMISED PEACE FOR GLORY

Baron de Constant Sends Scourging Letter to Montenegrin Ruler—Italy, Tired of Waiting, May End Peace Negotiations.

Paris, Oct. 11.—A scourging letter of condemnation for igniting the flames of war was sent to King Nicholas of Montenegro by Baron D'Estournelles de Constant, who was secretary of the international commission for the delimitation of Montenegro in 1880 and was awarded the Nobel prize for peace in 1909.

Baron D'Estournelles declares that the experiences of the delimitation commission proved that King Nicholas compromised peace for his personal profit and glory.

Turks Defeated.

Podgoritza, Montenegro, Oct. 11.—The Montenegrins have captured Detchitch mountain. The Turkish commander and officers with many soldiers have surrendered.

For the last 30 hours the battle between the Montenegrin forces, under direct command of King Nicholas and the Turkish troops, strongly entrenched in the hills, has been in progress. The fight began at 8 o'clock in the morning.

Peace Negotiations Delayed.

Paris, Oct. 11.—The final negotiations for peace between Turkey and Italy have been delayed by the hesitation of Turkey, says a dispatch from Rome to the Temps. Italy has fixed Saturday as a limit, after which it may break off negotiations.

Students Demand War.

Constantinople, Oct. 11.—A violent storm of opposition has been aroused by the Turkish government's decision to grant reforms in Macedonia. Some 2,000 students, armed with revolvers, marched to the porte, clamoring for "war and no surrender." On the way they met the minister of war, to whom they shouted, "We want war." The minister replied: "Nobody wants peace."

Arriving at the porte, where the ministers were sitting in council, the students, whose numbers meanwhile had swollen to more than 5,000, broke the windows of the grand vizierate, shouting, "We will not have the treaty of Berlin."

The Grand vizier, Ghazi Ahmed Mukhtar Pasha, who assured them that the application of article 23 of the treaty of Berlin did not mean autonomy or independence for Macedonia, was received with hisses. He persisted, however, saying that the longer war is delayed the better it is for Turkey; but the cries of "Hurrah for war" continued unabated.

Eventually the grand vizier promised to receive a deputation of the students and the crowd dispersed.

TRAINS MADE MOVING ARSENALS

Numerous Robberies in Oklahoma, Cause Railroads to Send Out Crews Heavily Armed.

Fort Smith, Ark., Oct. 11.—The days of the Daltons and Youngers, whose raids made history when Eastern Oklahoma was Indian territory, were recalled vividly when the crews of passenger trains traversing this section from Fort Smith were armed heavily to be prepared for an attack from the gang of bandits who have spread a reign of terror within the last week by their sensational holdups. Before starting out on their runs engineers and firemen and crews of express and mail cars were armed with revolvers and repeating rifles.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

A WORD WITH WOMEN.

Valuable Advice for Maryville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." When the kidneys get congested and inflamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. They can't get well alone.

Doan's Kidney Pills have brought sound backs and new life and strength to thousands of suffering women. They are endorsed right in this locality. Read this woman's convincing statement:

Mrs. Martha Partridge, 801 East Fourth street, Maryville, Mo., says: "It was seven years ago when I suffered from kidney and bladder complaint, and my trouble made me weak and nervous. I used Doan's Kidney Pills and received relief. I procured them at Love's drug store (now Love & Gaugh's drug store), and cannot say too much in their praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

HARVESTER TRUST HISTORY

GOVERNMENT SUIT BRINGS OUT INSIDE FACTS.

Keystone Company Absorbed and Advertised as Independent Concern —Afterwards Dismantled.

Chicago, Oct. 11.—"George W. Perkins expressed the opinion that the harvester business could be improved greatly by putting in more capital and reducing the cost of manufacture. There was talk of consolidation, and finally President O. W. Jones agreed to dispose of a majority of stock in the Plano company under certain conditions."

Thus Silas J. Llewellyn, ex-vice-president of the Plano company, related in the government's suit against the International Harvester company here his story of the birth of the "trust." The events he narrated took place at a meeting in the office of J. P. Morgan in New York. It was held at the suggestion of, and attended by, Judge Gary, he said.

As a result of the negotiations, Mr. Llewellyn said, the Plano company was sold to the International Harvester company and paid for with the stock of the latter corporation.

Attorney Grosvenor read several letters written to agents by Platt of the Keystone company in June, 1905, denying that the company had sold out to the International Harvester company.

"Is it not true that you concealed the fact you had sold out to the International Harvester company?"

"We did a number of things as a matter of business policy," said the witness.

The government charges that after the Keystone company was absorbed the plant was dismantled and abandoned and the making of the Keystone binders and mowers discontinued.

PRISONERS FREED BY FORGERY

Discovery of Bogus Release Orders Causes Sensation in Omaha Police Circles.

Omaha, Oct. 11.—Discovery of forged orders for the release of prisoners in the county jail has just been announced.

Investigation as to how many of these forged orders have been honored is now being made by the county officials.

The first order brought to the attention of the authorities was one for the release of Emma Coin, sentenced to 30 days in jail. The release order was signed with a rubber stamp similar to the one used by Police Judge Foster. That magistrate said he had affixed his signature to no such order.

Just how many of such orders have been honored will not be known until the records are gone into. The discovery has caused a sensation in police and county official circles.

Masons Bar Saloon Men.

Los Angeles, Oct. 11.—By a vote virtually unanimous the California Grand Lodge of Masons adopted a resolution excluding from membership anyone engaged in the saloon business, and providing that any Mason convicted by the lodge tribunal of following this calling shall be expelled from the order. Selling of liquor in connection with a hotel or resfaurant is exempted.

Motor Bandits Got $3,000.

St. Louis, Oct. 11.—Bandits who used a motor car waylaid Thomas J. O'Meara, a saloon keeper, and took from him a grip containing $3,000. They held off a crowd of pursuers with revolvers and escaped. The number of the car was obtained by the police. O'Meara had drawn the money from a bank to cash checks of workers near his saloon.

Girl Threw Lye on Officer.

Oakland, Cal., Oct. 11.—To resist being taken to the detention home, Elizabeth Thomas, a 14-year-old delinquent child of this city, dashed lye in the face of Mrs. W. B. Kelly, assistant probation officer, and then blinded herself by throwing another cupful into her own eyes. Mrs. Kelly will not lose her sight, but will be disfigured.

STOMACH SOUR? GOT INDIGESTION ALSO?

Pape's "Diapepsin" Makes Upset Stomachs Feel Fine in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic troubles of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

VOLUME 3. MARYVILLE, MISSOURI, FRIDAY, OCT. 11, 1912. NO. 112.

SUNG BY OLD TUNE

"JOHN BROWN'S BODY" USED TO BOOST MILL TAX.

WOULD PARADE CHILDREN

Earnest Work for Educational Amendment Urged Upon Teachers by Dr. H. K. Taylor.

A song has been composed on the mill tax amendment which can be sung to the tune of "John Brown's Body.' It will be sung at educational rallies in behalf of this amendment and at other times during the campaign.

Dr. H. K. Taylor, president of the Normal, who is campaign secretary for this amendment for this Normal district, suggests to the teachers over the district a parade of the children of their schools on election day, November 5, with banners bearing such inscriptions as these: "Vote for the Boy and Girl," "Scratch No and Vote Yes on Amendment No. 9," "Vote for a Greater Missouri," "A Vote for No. 9 Means Progress," etc., and then to sing the song. The following are the words to the song:

A glorious day is dawning in the time that's near at hand,
There are signs of mighty progress all throughout the wakened land,
The day of glorious triumph is now hopefully begun;
Missouri's marching on.

CHORUS.

Glory, glory hallelujah!
Glory, glory hallelujah!
Glory, glory hallelujah!
Missouri's marching on.

The boys and girls are coming to their own God-given right,
They must be prepared for battle and the hosts of wrong to fight.
We will give each one a welcome, both the rich and poor alike.
Missouri's marching on.

CHORUS.

Glory! glory hallelujah, etc.

On that day in next November when we marshal into line,
We will all remember surely how to vote for "No. 9"
By drawing black and firmly with our pen across the "No."
Missouri's marching on.

CHORUS.

Glory! glory hallelujah, etc.

Suits were filed today against the Nodaway drainage district for $1,150 for damages by Frank McMackin, Wm. H. Davis and Effie McMackin. The suits were filed by Cook, Cummins & Dawson, and will come up in November.

In the petitions it is alleged that the Nodaway drainage ditch did unlawfully and against the wishes and protests and without lawful authority so to do entered and with steam shovels, dredge boats and other appliances, did pile, dump and deposit large quantities of dirt, and remove from drainage ditch over and upon land, unfit for any and wholly worthless for use.

A ROUGH RIDER NOVEL.

Former Maryville School Superintendent Places Historic Novel in Crane's Store.

Prof. Alvan Elmer Clarendon of Omaha, superintendent of the Maryville schools for several years during the nineties, has just published a novel that contains a true story of the late Spanish-American war titled "Shackles Cast."

Professor Clarendon is evidently a great admirer of Colonel Roosevelt, for his novel includes, as he says, "the masterful military career of Theodore Roosevelt and his merciful acts as president."

The novel is written in the rather extreme dramatic style the author is noted for, and will be read with more than passing interest by his friends and acquaintances here. The book is on sale at Crane's book store.

WERE SENT TO THE POOR FARM.

No Evidence as to the Insanity of Two Elmo Women Presented to Court.

Two Elmo women, Sarah Whitten, age 75 years, and her daughter, Ella Whitten, age 40 years were brought to Maryville Friday, before the county court on a charge of being insane. As there was no evidence presented to the court along this line, the court ordered them sent to the county farm as county charges.

Went to Iowa.

Sheriff Tilson left Friday noon with William Snyder, who has been at Hopkins a week, for Washington county, Ia., where Snyder had been an inmate of the county farm. The court here refused to admit Snyder to their farm, as he had been a county charge of Washington county and was not a resident of Nodaway county.

Miss Jestine Hudson went to Guilford Thursday to visit the family of W. H. Young.

TALKED FOR THE TAX

J. R. HERRMAN ADVOCATED SINGLE TAX AMENDMENT.

SAYS IT IS JUST AND FAIR

Land Values Rise Automatically While Increase in Personal Property is Result of Individual Effort.

J. R. Hermann of Denver, Col., a single taxer, spoke to a small audience Thursday night on the single tax amendment to be voted on at the November election. Mr. Hermann is campaigning over the state for the amendment. Part of Mr. Hermann's address follows:

"Mr. Dowell tried to claim that society not only created the value of land but that it creates the value of all private business. He does not distinguish between individual enterprise and public values. A man builds up a grocery business. It is true he must have the public, but it is also true he is in competition with other men in the same business, and whatever value does accrue to his enterprise is due to individual effort, whereas land values increase even if the owner is dead.

The cause of the rise of bank stock is due largely to land values, caused by the raise of land which has fallen into the hands of the bank, and the young man who invested in bank stock was as much a land speculator as the young man who invested directly, but if the bank was confined strictly to banking its value would be produced by individual effort, as truly as the farmer's crops, but to tax money or any commodity the tax is added to the price of the article and the consumer must pay it.

"The taxes now required would amount to about 35 cents per acre, if levied by the acre, but since this is a tax on land values some would pay more and some less.

"The single tax as now proposed is in operation in Vancouver and western Canada, in New Zealand and Australia, and in a part of the German possessions. England is rapidly moving in that direction, and Oregon, California and Missouri will vote on some phase of it this fall.'

Mr. Hermann also presented the following figures of Nodaway county, according to the 1910 census:

Population 1900	32,968
Population 1910	28,833
Loss	4,135
Number of farms 1900	4,499
Number of farms 1910	3,861
Loss in ten years	629
Land in farms 1900 acres	556,122
Land in farms 1910, acres	539,949
Loss in ten years	16,173
Land per acre 1910	$80.02
Land per acre 1900	37.39
Increase in value	$42.63
Farms operated by owners 1900	2,954
Farms operated by owners 1910	2,464
Loss in ten years	490

Farms operated by tenants 1910, 1,347.

Percentage of all farms, 34.9.

Farms operated by owners free from mortgage, 940.

Only 24 per cent of all farms in county free of mortgage.

RACE A WALKAWAY

ANDERSON CRAIG HAS NO OPPOSITION FOR STATE SENATOR.

COULDN'T FIND A VICTIM

Republicans Made an Effort to Secure Candidate for Place But No One Was Willing to Try.

Anderson Craig, Democratic candidate for state senator from this district, is going to have easy sailing at the November election, as he will have no opposition. No candidates have been selected by the Republican party and the Bull Moose party will have no candidate.

A letter from Cornelius Roach, secretary of state, says that no one has filed against Mr. Craig, and as the time limit was up Saturday night, no one could file now.

The Republicans have been making strong efforts to induce some one to get into the race for senator, but no one was willing to take, it as they did not want to go up against defeat. This is an indication of what the Republicans are looking forward to in November.

Mr. Craig will represent this district with credit, and he is well fitted for the place.

COURT PROCEEDINGS.

S. E. Wibbs Appointed Justice of the Peace—Make Requisition on State for $15,000 for Union.

The county court in session has been very busy at work on routine matters and bridges. At this session the judges and clerks for the election on November 5, and also the petit jurors, will be selected.

The court appointed S. E. Wibbe as justice of the peace of Hopkins township to fill the vacancy caused by the resignation of Dr. S. D. Large.

The court ordered $2,000 transferred from the jury fund to the pauper fund, and $500 from the salary fund to the pauper fund.

Union township, which voted recently $15,000 for road work, has issued $10,000 of these bonds and expects to spend the rest of the amount, or $5,000, next spring. The court made requisition at this session on the state permanent road fund for a like amount, or $15,000, for Union.

Big Time for the Democrats of the County at Their Opening on Saturday.

The Democratic county campaign will open Saturday, and the speakers are Congressman Rainey of Illinois, Mayor Jost of Kansas City, Congressman C. F. Booher of Savannah and Judge Wm. H. Since 1896 wages have increased 20 per cent; but in the same period the cost of living has increased 60 per cent. Democracy will reverse the order of these percentages.

Missouri's first Republican governor in forty years finds, at the close of his administration two Republican candidates for president, and frankly recognizes his inability to endorse either of them.

Of the 94,000,000 people in the United State 3.64 per cent are benefited by the protective tariff, while 96.36 per cent are robbed by it. The Republican ticket this year should expect 3.64 of the vote, and no more.

Government statistics show that the protective tariff extorts from the American consumer two billion, five hundred and seventy million dollars per year; and the Republican party, in nation and state, is still pledged to the protective tariff. Are you?

Of the eight billion of American trust capital, Moody's Magazine says that only two billion is a cash investment, while the other six billion represents watered stock, based on the privileges granted by the protective tariff.

Attorney General Major placed $225,000.00 in the state treasury, as the results of suits won by him, and his office has cost the people only $76,830.33. Hadley held the same office four years, put nothing in the treasury, and took out of the treasury $102,252.88.

Mrs. H. A. Byers went to St. Joseph Wednesday evening to visit her daughter, Mrs. M. L. Conley.

PROGRESSIVES GO ON BOTH TICKETS

Injunction Suits Brought by Republican Committee Fail.

MAY GO BEFORE SUPREME COURT

Judge Wurdemann Ready to Take Up Motion for Appeal—Assistant Attorney General Notified to Certify Official Ballots.

Jefferson City, Oct. 11.—The two injunction suits brought at the instigation of "Liv" morse and Otto Stifel, and the Republican state committee to prevent Cornelius Roach, the secretary of state, placing the Progressive state ticket and the Progressive electors on the official ballot were thrown out of court. C. A. Revelle, assistant atorney general, was notified to go ahead and certify the official ballots to the clerks.

On nearly every point raised by the Progressives in support of their right on the ballot, Judge Wurdemann sustained them. The suit to keep the electors off the ballot had just been filed. The attorneys representing the Progressives, in order to save time, agreed to try both disfranchisement suits together.

Hearing Probable Saturday.

As soon as he had made his ruling, Judge Wurdemann said that he was ready to take up the motion for a new hearing and the appeal.

Mr. Schnumacher said he would have to consult his clients to find out whether there should be an appeal or not.

It is believed they will take the matter to the supreme court and a hearing will be had Saturday or Monday by the supreme court, sitting in banc.

Judge Wurdemann held that the Progressive state ticket and the electors were entitled to places on the ballot by the petitions signed by 1,000 voters. He said that the primary act did not repeal the former provision of the statutes by which nominations might be made by petitions.

No Right to Bring Suit.

Judge Wurdemann did not pass upon the question of whether the nominations made by the Progressive state committee under the section giving the state committee power to fill vacancies were legal or not.

Each injunction suit had been brought in the name of one Republican candidate. Judge Wurdemann said as a candidate they had no right in court to bring such a proceeding as this. As a taxpayer suing to prevent expense of printing alleged ballots, the suit might be entertained he said, but he had grave doubts even upon that point. However, he did not decide the injunction suits upon that ground, but rather upon the proposition that by petitions they were entitled to a place on the ballot.

FIRE DESTROYED WAR BALLOON

One of Germany's New Dirigibles Exploded While Being Filled With Dangerous Gas.

Berlin, Oct. 11.—Germany's aerial fleet suffered a severe loss by the total wrecking by explosion of one of its immense military dirigible balloons and of the hall in which it was stationed at Reinickendorf, a suburb of Berlin.

The dirigible which was of the semi-rigid type invented by Maj. Cross of the Prussian army, was being refilled with hydrogen gas by soldiers of the flying corps.

The gas which is highly inflammable, was being passed into the balloon envelope from metal cylinders when the friction of the gas itself on the filling tube caused fire to break out. A violent explosion ensued completely destroying the dirigible and blowing the hall to splinters. None of the crew was injured.

Engine Through a Bridge.

Lawrence, Kan., Oct. 11.—A threshing machine engine crashed through the Dutton bridge, three miles north of here, and fell thirty-five feet. The engine broke loose from the separator, which was left on the edge of the bridge. Ira Rithwick, who was on the engine, was injured dangerously by the fall. Walt Baher was burned severely and Charles Crowder received minor injuries.

Newsboy Into a Sewer.

Leavenworth, Kan., Oct. 11.—George Cummings, a small boy, narrowly escaped death here after being washed into a sewer opening. The boy, with two companions, was returning home from a picture show and attempted to cross the street. The water swept him off his feet and carried him to the opening. Bystanders rushed to his assistance and after a struggle pulled the boy out. His body had entered the sewer hole head first.

Guilty of Coal Land Fraud.

Tacoma, Wash., Oct. 11.—Guilty as charged was the verdict of the jury in the cases of C. E. Houston and John H. Bullock, tried in the federal court on a charge of conspiracy to defraud the government on coal contracts in Alaska. The jury was out 19 hours. The court ordered the defendants to appear November 9 for sentence.

MINERS REFUSE TO LEAVE CAMP

Families Evicted by Militia Will Not Accept Transportation to Other Fields.

Charleston, W. Va., Oct. 11.—The military in control of the martial law section of the Kanawha coal field fear trouble as evictions of striking miners and their families continue under direction of civil authorities. Heretofore the miners have accepted the free transportation for their household effects and their families to other fields, but now a dozen or more families, evicted from company houses at Dakota and Kayford on Cabin Creek, have refused assistance and compelled the deputy sheriffs to pile their effects in the public road, while the women and children camped by the roadside.

STARTED WAR PREMATURELY

King Nicholas Condemmed in Strong Term for His Action.

COMPROMISED PEACE FOR GLORY

Baron de Constant Sends Scourging Letter to Montenegrin Ruler—Italy, Tired of Waiting, May End Peace Negotiations.

Paris, Oct. 11.—A scourging letter of condemnation for igniting the flames of war was sent to King Nicholas of Montenegro by Baron D'Estournelles de Constant, who was secretary of the international commission for the delimitation of Montenegro in 1880 and was awarded the Nobel prize for peace in 1909.

Baron D'Estournelles declares that the experiences of the delimitation commission proved that King Nicholas compromised peace for his personal profit and glory.

Turks Defeated.

Podgoritza, Montenegro, Oct. 11.—The Montenegrins have captured Detchitch mountain. The Turkish commander and officers with many soldiers have surrendered.

For the last 30 hours the battle between the Montenegrin forces, under direct command of King Nicholas and the Turkish troops, strongly entrenched in the hills, has been in progress. The fight began at 8 o'clock in the morning.

Peace Negotiations Delayed.

Paris, Oct. 11.—The final negotiations for peace between Turkey and Italy have been delayed by the hesitation of Turkey, says a dispatch from Rome to the Temps. Italy has fixed Saturday as a limit, after which it may break off negotiations.

Students Demand War.

Constantinople, Oct. 11.—A violent storm of opposition has been aroused by the Turkish government's decision to grant reforms in Macedonia. Some 2,000 students, armed with revolvers, marched to the porte, clamoring for "war and no surrender." On the way they met the minister of war, to whom they shouted, "We want war." The minister replied: "Nobody wants peace."

Arriving at the porte, where the ministers were sitting in council, the students, whose numbers meanwhile had swollen to more than 5,000, broke the windows of the grand vizierate, shouting, "We will not have the treaty of Berlin."

The Grand vizier, Ghazi Ahmed Mukhtar Pasha, who assured them that the application of article 23 of the treaty of Berlin did not mean autonomy or independence for Macedonia, was received with hisses. He persisted, however, saying that the longer war is delayed the better it is for Turkey; but the cries of "Hurrah for war" continued unabated.

Eventually the grand vizier promised to receive a deputation of the students and the crowd dispersed.

TRAINS MADE MOVING ARSENALS

Numerous Robberies in Oklahoma, Cause Railroads to Send Out Crews Heavily Armed.

Fort Smith, Ark., Oct. 11.—The days of the Daltons and Youngers, whose raids made history when Eastern Oklahoma was Indian territory, were recalled vividly when the crews of passenger trains traversing this section from Fort Smith were armed heavily to be prepared for an attack from the gang of bandits who have spread a reign of terror within the last week by their sensational holdups. Before starting out on their runs engineers and firemen and crews of express and mail cars were armed with revolvers and repeating rifles.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

A WORD WITH WOMEN.

Valuable Advice for Maryville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." When the kidneys get congested and inflamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. They can't get well alone.

Doan's Kidney Pills have brought sound backs and new life and strength to thousands of suffering women. They are endorsed right in this locality. Read this woman's convincing statement:

Mrs. Martha Partridge, 801 East Fourth street, Maryville, Mo., says: "It was seven years ago when I suffered from kidney and bladder complaint, and my trouble made me weak and nervous. I used Doan's Kidney Pills and received relief. I procured them at Love's drug store (now Love & Gaugh's drug store), and cannot say too much in their praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

HARVESTER TRUST HISTORY

GOVERNMENT SUIT BRINGS OUT INSIDE FACTS.

Keystone Company Absorbed and Advertised as Independent Concern —Afterwards Dismantled.

Chicago, Oct. 11.—"George W. Perkins expressed the opinion that the harvester business could be improved greatly by putting in more capital and reducing the cost of manufacture. There was talk of consolidation, and finally President O. W. Jones agreed to dispose of a majority of stock in the Plano company under certain conditions."

Thus Silas J. Llewellyn, ex-vice-president of the Plano company, related in the government's suit against the International Harvester company here his story of the birth of the "trust." The events he narrated took place at a meeting in the office of J. P. Morgan in New York. It was held at the suggestion of, and attended by, Judge Gary, he said.

As a result of the negotiations, Mr. Llewellyn said, the Plano company was sold to the International Harvester company and paid for with the stock of the latter corporation.

Attorney Grosvenor read several letters written to agents by Platt of the Keystone company in June, 1905, denying that the company had sold out to the International Harvester company.

"Is it not true that you concealed the fact you had sold out to the International Harvester company?"

"We did a number of things as a matter of business policy," said the witness.

The government charges that after the Keystone company was absorbed the plant was dismantled and abandoned and the making of the Keystone binders and mowers discontinued.

PRISONERS FREED BY FORGERY

Discovery of Bogus Release Orders Causes Sensation in Omaha Police Circles.

Omaha, Oct. 11.—Discovery of forged orders for the release of prisoners in the county jail has just been announced.

Investigation as to how many of these forged orders have been honored is now being made by the county officials.

The first order brought to the attention of the authorities was one for the release of Emma Coin, sentenced to 30 days in jail. The release order was signed with a rubber stamp similar to the one used by Police Judge Foster. That magistrate said he had affixed his signature to no such order.

Just how many of such orders have been honored will not be known until the records are gone into. The discovery has caused a sensation in police and county official circles.

Masons Bar Saloon Men.

Los Angeles, Oct. 11.—By a vote virtually unanimous the California Grand Lodge of Masons adopted a resolution excluding from membership anyone engaged in the saloon business, and providing that any Mason convicted by the lodge tribunal of following this calling shall be expelled from the order. Selling of liquor in connection with a hotel or resfaurant is exempted.

Motor Bandits Got $3,000.

St. Louis, Oct. 11.—Bandits who used a motor car waylaid Thomas J. O'Meara, a saloon keeper, and took from him a grip containing $3,000. They held off a crowd of pursuers with revolvers and escaped. The number of the car was obtained by the police. O'Meara had drawn the money from a bank to cash checks of workers near his saloon.

Girl Threw Lye on Officer.

Oakland, Cal., Oct. 11.—To resist being taken to the detention home, Elizabeth Thomas, a 14-year-old delinquent child of this city, dashed lye in the face of Mrs. W. B. Kelly, assistant probation officer, and then blinded herself by throwing another cupful into her own eyes. Mrs. Kelly will not lose her sight, but will be disfigured.

STOMACH SOUR? GOT INDIGESTION ALSO?

Pape's "Diapepsin" Makes Upset Stomachs Feel Fine in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic troubles of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.
